Mr. Al Brandano  
The Voice Library  
14 Front Street  
Exeter, NH 03833

Dear Mr, Brandano:

I wish to extend my personal thank you on behalf of Manchester VA Medical Center patients for your generous donation of 78 the Military Families Story Project packets.

The medical center and our employees are committed to providing the best health care possible to New Hampshire Veterans. We want them and our stakeholders to know that the Manchester VA Medical Center values, appreciates and works to honor their sacrifice and service to our country.

We will continue to work with our community partners in an effort to honor their service by encouraging Veterans to document their military and personal experiences. The Voice Library certainly provides a means for recording precious events and messages.

Again, thank you for your thoughtful donation provided in support of our nations Veterans.

Sincerely,

  
Debra Krinsky  
Voluntary Service Officer
