Dear Mr. Brandano,

Thank you so much for your generous donation of 100 Voice Library subscriptions to Annie's Angels and Chris Pets for Vets. Along with sharing these subscriptions with some of our Annie's Angel and Chris Pets for Vets veterans, we have also shared them with another organization called The Warrior Connection.

Annie's Angels helps families and veterans struggling financially through life threatening disease, illness or disability. Chris Pets for Vets provides free companion animals to current and former military to combat PTSD. The Warrior Connection (TWC) provides residential retreats and services to Veterans and their families to heal the invisible injuries incurred while in uniform.

This Voice Library donation will make a huge impact on our veterans by allowing them to tell their stories. It will allow them to comfort, inspire, teach and entertain for generations.

Thank you!

Best Regards,

William DaGiau
